1. Click on File -> Make a copy

Include your IPO Chart with your code in Eclipse IDE: We will discuss and demonstrate this in the computer lab.

IPO CHART

Program name:	GuessingGame2 Mastery Project	
INPUT	PROCESS	OUTPUT
Hint: What will the user input?	Hint: What is the program going to do with the input information?	Hint: What will the screen display after user input?
[User will input a number 1-20]	[The program is in a while loop. The program will compare the userInput to the secretNumber, if these two numbers == eachother, it will end code, if else it will loop back to the top of the code]	[If guess (the users input) is == to secretNumber, it will print "Correct You won!" if else, it will print "Incorrect Try again]
